### FRED STOEKER

Fred Stoeker is well aware of the battle men face with sexual sin. Despite entering a committed relationship with Jesus Christ at age 23, Fred battled with pornography and found that the negative effects of his sexual sin compromised his intimacy with God and with his wife Brenda.

### STAND STRENGTH TEAM

The Stand athletes use feats of strength to demonstrate a positive, motivating message on making the right choices. The team also goes into youth camps, juvenile homes, prisons, youth organizations, and businesses.

### DAVID DEAN

David has been making people laugh full-time for 22 years at churches, fund-raisers, men & womens conferences, camps and youth events all across the country. There are very few venues that David has not worked, only a few he regrets.
